Many of the shooters had a chance to win the championship during the first three events, but the fourth and fifth witnessed some of the best shots drop back until they were out of the running. At the conclusion of the fifth event Crosby; Snyder, Stillwell and "Snipe" (Dr. Moore), of Indianapolis, were tied with a score of 67 out of the possible 70. They were the only shooters who missed only three sparrows. A large number missed only four, while many scores of 65 were

On the shoot-off it was agreed that the four men tied for first should each shoot at fifteen sparrows. Crosby killed his fifteen straight, while the other three each killed fourteen. The race between the leaders during the last regular event was an exciting one. Many of the spectators thought that Mac Stillwell, of Crawfordsville, Ind., would win first place. Up until the fifth event he had lost only two sparrows, and as he killed the sparrows in the last event it was believed he would score fifteen and thus win the championship, but he missed his last bird and feil back with the other three who had killed sixty-seven. It was an ideal day for shooting. The sky was clear and the sparrows were all good fiyers. Many of the professionals at played a prominent part in the day's shooting. It was the first time in two or three years that most of the professionals had participated in a sparrow tournament. Many of the shooters had hard luck in missing the last sparrow in each event.

The sparrow events concluded the three days' tournament, the most successful shooting tournament ever held in Indianapolis. Visiting shooters complimented the officers of the Indianapolis Gun Club for the manner in which the tournament was conducted and stated that they will attend future tournaments and all expressed the wish and hope that the next Grand American handicap would be brought to Indianapolis. COLUMBUS, O., Sept. 24.-The contest between The Questor and Norrie in the 2:15 trot was the feature to-day at the grand circuit meeting. The time was not startling, but the contenders showed that they were able to keep going at about the same

speed all day. The Questor was the opening favorite, \$80 to \$100. He won the first heat from Midnight in a stretch drive. Norrie got into action right at the start of the second heat, while Geers laid back with The Questor when he saw how things were going. Norrie did not have much trouble to win, but victory came to the Cleveland Midnight and The Questor. Here the betting took a shift and Norrie carried the bulk of the money. Desperate whipping finishes marked the fourth and fifth heats, both of which went to The Questor by half a length. The unfinished 2:08 pace was won by Nervolo, a 2-to-1 choice. Star Hal was a prohibitive favorite for the 2:13 pace and distanced three of the

field in the first heat. The judges gave Gray Gem the second heat of the 2:19 trot when the spectators thought Oy had it clearly won. A protest went up and then the officials moved their station to the outside of the track and there was no more trouble. Gray Gem was an even-money favorite and had no fight after the second heat. SOLD FOR \$1,020. Prince Alert Brought Low Price When Auctioned at Lackey Sale.

Special to the Indianapolis Journal. RICHMOND, Ind., Sept. 24.-The fact that Prince Alert has lowered the world's pacing record is of special interest in this county. The gelding was raised at Knightstown and horse and he made one of his best speeches when Prince Alert was placed on the block. Mr. Lackey predicted that the horse would get a mark as low as 2:15. Most of his hearers doubted the assertion and if told that one day Prince Alert would be the world's champion pacer, they would have hooted at the idea.

Special to the Indianapolis Journal.

BLOOMINGTON, Ind., Sept. 24.-Football material is rapidly being shaped into form and speed at Indiana University. There is now not the faintest doubt but that a wonderful team will be made up this fall. Progress in all the details of the team is evident and the coaches feel that development of the men is advancing fairly well. In scrimmage work the men practice with plenty of vim and are as live and alert set of fellows as could be desired. For a while it looked as if the squad would be short on good punters, and there is still a noticeable need for such, though Kent, who has been working hard with the ball, is fast demonstrating his ability to do this work. Long is still working at center and plays a firm and steady game. Clevenger and Johnson are by turns caring for quarter

No Accidents at Notre Dame.

Special to the Indianapolis Journal. SOUTH BEND, Ind., Sept. 23.-The weather man favored Captain Salmon's candidates in yesterday's practice and the big full back let the men off with signal work and catching punts. Hogan appeared in uniform for the first fime and Draper was out after his layoff. Desmond, who got back at noon, did not report for work, but watched from the side lines. McDermoot, who did fine work behind the line in the early part of the season last fall registered at the university last night. Coach Holland is watching the work of the men carefully, and although training tables have not yet started, the 'varsity was never in better condition than they are this season. Notre Dame has also been rather fortunate this season in not meeting with accidents, no serious ones having occurred up to date.

Princeton's High School Team.

Special to the Indianapolis Journal PRINCETON, Ind., Sept. 24.-The Princeton High School will be in line this season with the strongest and heaviest football team it has had in years. Eighteen husky young men are now working out for the honors this year, and one of the best teams in this part of the State is assured. The first

game will be played in about two weeks.

Sims Will Manage Hanover. Special to the Indianapolis Journal. HANOVER, Ind., Sept. 24.-At a recent meeting of the Athletic Association Robert Sims was elected manager of the football team. He takes immediate charge and will complete the schedule of games. With Silva Green as captain there is no doubt that the team will hold its own with the

other colleges.

LOCAL TEAMS' DOINGS.

New Candidates. Whether or not the Manual Training High School football team will play at Danville to-morrow is still unsettled. Neither Captain Saunderson por Coach Orme has received word for the team to come, and from present indications the eleven will remain in the city on that day. Muir, the big two-hundred-pound guard, was out for practice yesterday, and made a good showing after his recent illness. Captain Clark nad two new recruits out for practice yesterday in John Lieber and Will Staley. The former played with the Culver Military Academy team last year.
